Jennifer Kale-Oh is Owner, CEO and Chef, of the Red Squirrel Tea Room located in Lebanon, PA. The tea room is furnished with pieces from her own collection and from items seen online that would compliment her style. In one of the photos Jennifer is designing specialty chocolates.

This is not Jennifer’s first Tea Room! She had opened the Red Squirrel Tea Room a few years ago in her home, but had the Red Squirrel Country Store prior to this. Six years ago the store won 2nd place for “Best in Lebanon County” for Antiques. This was amazing because she was not aware of the fact that there was a contest. One of her customers saw it in the newspaper and told her about it! The initial tea room was closed in 2013 to take care of her family.

She told him about wanting to open a tea room and he liked the idea. This all happened an hour after praying. All she had asked for - the handicap entrance, the one room dining area, rent that came in $50 less than her budget! It was 2.7 miles from her home!! Jennifer went home and said to her husband Joe, “we need to talk about me re-opening the tea room” and he smiled and said “Yep, we have to find a way to do it!”.

The Red Squirrel Tea Room opened in November of 2018 and has a fun retro 50’s and 60’s décor with a black and white checkered floor! The menu includes tea, scones, soup, salad, quiche, finger sandwiches, fruit, cheese and desserts. She will host bridal showers, baby showers, ladies or mens groups, lil girls tea parties, birthday parties or ask about your event!

Check out Red Squirrel Tea Room on Facebook, Instagram or call Jennifer at 717-383-8261. She will be happy to answer any questions.

TIPS ON SPRING PLANTING

BUY DIRECT FROM THE GROWER AND SAVE!
- Starting with healthy plants is key -

1. PREPARE THE PROPER HOLE FOR PLANTING.
   Make it two to three times wider than the current root mass but never deeper than the plant was growing before.

2. PLANT HIGH.
   Better to plant a tree or shrub slightly high and allow the area to drain than for a plant to sit down and collect excess water.

3. INSPECT THE ROOTS
   Look at the roots. If they have started growing in the shape of the container, break up the pattern.

Layser’s grows a variety of perennials. They try to stay ahead of the latest trends of what people are planting. Arborvitae is a specialty, but other trees, deciduous shrubs, and dwarf evergreens round out their extensive stock of plants. Their objective is to help customers with their home planting projects!

COLORFUL MOUNTAIN PINKS!

Flowering Shrubs
- Lilac - Hydrangea

Dwarf Evergreens

The Glory of Easter

Upon this day a year ago the tomb wherein Christ lay.
Was opened and the stone that sealed the door was rolled away.
Upon the cross of Calvary He suffered and He bled.
And then on resurrection day ascended from the dead.
We break the bread and take the cup as He bid us do.
And take communion with our Lord and our faith and love renew.
This do we in remembrance of Christ The Lord above.
Who gave His life upon the cross and showed for all His love.

Harold F. Mohn

Hyperbaric Oxygen Therapy
- Conditions Treated:
  - Speeds Healing - Reduces Pain
  - Reduces Inflammation
  - Helps Fight Infection
  - Increases Energy - Lyme Disease
  - Reduces Stress and Anxiety
  - Improves Glycemic Control
  - Increases Collagen Production
  - Promotes Tissue Strength
- You are breathing concentrated oxygen in a pressurized chamber, this allows the increased oxygen to deeply penetrate the body’s tissue and allows body functions to improve.

MLS Laser Therapy
- Where light is used to:
  - Relieve Pain
  - Reduce Inflammation
  - Promote Wound Healing
  - Soft Tissue Repair
- Our laser is the only multi-wave locked system, dual wave, fully robotic laser therapy system on the market. This means deeper penetration with no heat produced allowing faster healing with no known side effects. It has been cleared by the FDA since 2009.

John Medeiros's success is based on the belief that high quality, handmade, intricate and long lasting jewelry should be accessible and enjoyed by all! John Medeiros jewelry is made with non-precious lead-free premium alloy with .05% silver which makes it strong and lightweight. The finish is electronic plated rhodium and 14Kt gold which makes permanent non-tarnish, easy to care jewelry.

Handmade in the USA. • All designs are original, registered and copyrighted.
Luther Tyree, Guitarist

Luther Tyree is a spirited Smooth Jazz / Blues Fusion guitarist who enthralls audiences with his dynamic technique and soulful melodies. Luther developed a passion for rock, blues, and jazz guitar at the age of 5 in Pittsburgh Pa. He acquired is first guitar when he was 13 years old and never looked back. After completing a 20+ year military career, Luther attended the Harrisburg Area Community College Music Business and the Berklee College of Music Guitar Specialist programs in order to reacquaint himself with todays’ musical landscape. Luther graduated from both programs with highest honors and is now embarked on a new mission: to enable people to gather and relax together in harmony through their shared love of music. During his final year at HACC, Luther established the Magnawatt Music Company, in Lebanon, PA, which produces unique and custom accessories for working musicians. Luther and his wife Barbara, hand make all the company's products, from performance chairs and amplifiers to guitar pick earrings and jewelry. The company also provides live sound recording services, as well audio mixing and mastering. For the past 18 months or so Luther has, in addition to his live performing and previously mentioned endeavors, been assisting the Lebanon BID in reviving the live music scene in Lebanon. As a result of his efforts as a player and a booking agent, there is now live music at lunch time twice a week in downtown Lebanon. Luther has become a driving force on the arts and music scene in Lebanon, and there is surely more success ahead.

Magnawatt Music Company & Products

All of our products are hand built from various unfinished woods. The wood is milled into the component parts of each product, then hand assembled and finished. All cables and electronics are hand built from purchased bulk components or repurposed / upgraded units.

Life without power? Never.
It's an all too common occurrence … you know there's something wrong with your roof. Maybe you have discolored patches, or algae or moss buildup, loose or missing shingles, exposed nails, maybe even a loose gutter. So you call the first roofer you find in the phone book and he tells you "Yep, you're gonna need a new roof!"

STOP!

Many times, these roofers want to sell you a brand new roof, costing thousands and thousands of dollars, when all you really need is a simple repair!!

Roofing Revelation #1: Repair or Replace?
Did you know, in many instances, your roof can be repaired, saving you thousands of dollars in needless expenses. But many roofers will tell you that a replacement is needed because they can charge you more money for a complete roof replacement. In fact, most roofers don’t even touch repairs. All they want to do is go around slapping new roofs on homes, many times carelessly, which can void your manufacturer’s warranty.

Roofing Revelation #2: Does that 30-Year Warranty Really Mean 30 Years?
Let's talk about warranties. When you buy a 15 or 30 year warranty, you may not know that it only applies to the materials, such as the shingles, that go on your roof. It has nothing to do with the actual installation. And did you know that with a roof that is improperly installed (not according to exact manufacturer specifications) your warranty can actually be null and void?!!

Roofing Revelation #3: How to Save Yourself … and Save Your Roof!
This is where we come in. Middle Creek Roofing knows that many times we can make a repair, saving you thousands in replacement costs. We can make it right, keeping you and your family safe and sound, and giving you the peace of mind you thought you had when you bought that roof with the so-called warranty.

Roofing Revelation #4: Middle Creek Roofing’s Roof Repair Crew = peace of mind and safety for you and your family!
It is the goal of Middle Creek to make sure that you rest well at night, knowing that you’ve got a good, reliable roof overhead. And know that you didn’t spend thousands of extra dollars unnecessarily to feel that way. Call Middle Creek at 1-717-949-2414 today and ask about our Roof Repair Crew. We’ll come and do a 17-Point TipTop Roof Inspection that will show you any flaws your roof may have. Even if it’s been poorly installed, our 17-Point TipTop Roof Inspection will point it out. Wouldn’t you rather save thousands of dollars now and know that your roof is going to keep you and your family dry for years to come?

THINK YOU NEED A NEW ROOF?
THINK AGAIN!

Middle Creek Roofing’s New Roof Repair Repair Crew Specializes in saving homeowners thousands of dollars by repairing what many roofers would want to replace.

It’s an all too common occurrence … you know there’s something wrong with your roof. Maybe you have discolored patches, or algae or moss buildup, loose or missing shingles, exposed nails, maybe even a loose gutter. So you call the first roofer you find in the phone book and he tells you “Yep, you’re gonna need a new roof!”
